

HBBQ-2040EB (2 TON)

Features

- » **Precise:** Crimping height can be adjusted continuously, with tolerance accurately to 0.03mm.
- » **Quick:** Match to all kinds of applicators, quick and convenient change.
- » **Stable:** Simple structure, stable & reliable operation.
- » **Economical:** Do work at crimp instant only and save energy.
- » **Quite:** Low noise, suitable for home basis production.
- » **Safe:** Special over-load protection, operate in safety.

Specifications

Type	HBBQ-2040EB	Adjusting Range	10mm/6mm
Stroke	30mm/40mm	Dimension(mm)	W325×D280×H690
Pressure	20KN	Stroke Per Minute	160s.p.m (高速200s.p.m)
Shut Height	121.7mm/135.8mm	Power supply	AC220V/50Hz
Weight	75Kg	Motor Power	750W

HBBQ-X4040E (4 TON)

Features

- » **Precise:** Crimping height can be adjusted continuously, with tolerance accurately to 0.03mm.
- » **Quick:** Match to all kinds of applicators, quick and convenient change.
- » **Stable:** Simple structure, stable & reliable operation.
- » **Economical:** Do work at crimp instant only and save energy.
- » **Quite:** Low noise, suitable for home basis production.
- » **Safe:** Special over-load protection, operate in safety.

Specifications

Type	HBBQ-X4040E	Adjusting Range	10mm/2mm
Stroke	30mm/40mm	Dimension(mm)	W360×D300×H890
Pressure	40KN	Stroke Per Minute	160s.p.m
Shut Height	121.7mm/135.8mm	Power supply	AC380V/50Hz
Weight	105Kg	Motor Power	1500W
